AMERICANISM IS KEYNOTE OF SEN. HARDING'S TALK TO DELEGATIONS

Harding Says Hyphenated Citizenship Endangers Nation and Leads to Foreign Entanglements

[Republican A. P. Leased Wire]
MARION, Ohio, Sept. 18.—Americanism, its meaning to the foreign born citizen, and the dangers of a hyphenated citizenship were the keynote of an address delivered from his front porch today to delegations of foreign born citizens by Senator Harding, Republican presidential candidate.

The delegations, comprising several hundred, came from New York, Chicago and cities of the Northwest and Cleveland.

While declaring that "it is not possible, and ought not to be expected, that Americans of foreign birth shall stifle love for kinfolk in the lands from which they came," the senator asserted that "we are unalterably against any present or future hyphenated Americanism."

Senator Harding was interrupted many times during his address by applause as he struck sympathetic notes. Touching upon foreign relations, the senator declared that "nothing helpful has come from the willful assumption to direct the affairs of Europe," but that "on the contrary, the mistaken policy of interference has broken the drawings of good sense and spilled bad counsel and bad manners all over the world."

"Meddling abroad," he asserted, "tends to make Americans forget that they are Americans and to arouse the old and bitter feelings of race or former nationality or foreign ancestry in the hearts of those who ought never to be forced to turn their hearts away from undivided loyalty and interest given to America first."

Warning against hyphenism, Senator Harding asserted that "the time might come when a group or groups of men and women of foreign birth or foreign parentage, not organized for the interests of America, but organized around a resentment against our government, might press, by propaganda and political hyphenism upon our government to serve their own interests rather than the interests of all America. It is not beyond possibility, he continued, "that the day might come—and may God forbid—when an organized hyphenated vote in American politics might have the balance of voting power to elect our government. If this were true, America might be delivered out of the hands of her citizenship and her control might be transferred to a foreign capital."

McCormick Introduces Delegates

Introducing the various delegations to Senator Harding, Senator Medill McCormick of Illinois said:

"We are come to bear witness to our faith that the success of the Republican party and your own election in November holds forth the certain promise of the re-establishment of free and representative government at home no less than the re-assertion of those fundamental American policies under which the American people have become great in the pursuit of which the government has enjoyed in ever increasing measure the respect and regard of the people of the world. He told the candidate that well nigh all the peoples of the Old World were represented in the delegations before him.

Senator Harding attended a reunion of Marion county Knights of Pythias, of

The Soviet Government of Russia vs. The Constitution of The United States

You know it is an international problem that puzzle the best minds in the world.

You know it is an experiment in idealism which has endured through war, starvation, and ridicule.

You have heard it condemned as a menace to civilization, and you may have heard it defended.

But have you any idea just what it is?

If not you should read the soviet constitution. The Republican Information Bureau is able to offer the text of it, compared step by step with the Constitution under which we live by a man who believes that our own is the best.

Read his explanation and judge for yourself. The bulletin is free.

Six Masked Men Attack Denver Car

[Republican A. P. Leased Wire]
DENVER, Sept. 19.—Six men attacked and beat into unconsciousness shortly after midnight tonight the crew of a street car which was en route to the city.

Robbed and beaten to unconsciousness, the crew of a Fairmount street car was left lying on the floor and the car sent hurtling unguided down hill toward the city just after midnight this morning.

The crew, Conductor G. H. Thomas and Motorman O. F. Price, were taken to the county hospital in a serious condition. Police and United States soldiers sent to preserve order during the tramway strike searched in vain for the robbers.

ANTHRACITE MINERS VOTE TO REMAIN ON STRIKE "VACATION"

[Republican A. P. Leased Wire]
HAZZLETON, Pa., Sept. 18.—Approximately ten thousand anthracite mine workers have voted to remain on "vacation" in the Schuylkill region until the mine operators have reinstated all pumpmen, firemen and monthly men who quit in sympathy with the miners.

The attitude of the operators will be tested Monday, Golden said, when the monthly men will report for work. "In practically all sections of the district," he added, "where the monthly men, mine bosses and clerks went out, the locals have voted to remain on vacation until these men are re-employed. The matter is put up entirely to the operators."

Refusal of the "vacationists" to return to work in accordance with the proclamation issued Thursday by the policy committee of anthracite workers was not unexpected, as the situation in Shamokin fields has been acute, due to reports that operators were going to discharge "sympathetic strikers," who number about 600.

President Thomas Kennedy of the Hazleton district said all the big locals in this territory have voted to remain in the Panther Creek valley, with an aggregate membership of 8000.

DUBOIS, Pa., Sept. 18.—The special convention of representatives of district No. 2, United Mine Workers of America, in session here, decided today to notify the operators that a strike vote of the 45,000 miners in this region would be taken if the employers continue to refuse to confer with union officials on the question of wages. The operators are given five days in which to modify their attitude, according to the miners' decision.

Demands of the men include a 25 per cent wage increase for miners, abolishment of car pushing and abolishment of the \$1 a day strike penalty clause in the present contract.

ROOSEVELT TOUCHES ON IRISH QUESTION IN NATIONS LEAGUE

[Republican A. P. Leased Wire]
BRIDGEPORT, Conn., Sept. 18.—Franklin D. Roosevelt, Democratic vice presidential candidate, tonight wound up two days of campaigning in Connecticut, speaking from the same stand that Colonel Theodore Roosevelt used in his campaign speeches.

In the course of his speech, while he was touching on the league of nations, someone called out, "What about Ireland?"

Mr. Roosevelt said that the Republic was not on equality with Great Britain in voting power in the league "was a half truth which is worse than a whole lie." To his interrogator at this point he said:

"It is my dearest hope that in a short time Ireland will have voice in the league of nations."

Mr. Roosevelt, in discussing the nomination of Senator Harding and the Republican leaders, said:

"Suppose that in 1917 or 1918 Senator Harding or Senator Lodge, or your own Senator Beveridge, or on the other side, the president of the United States, had gotten up and said 'Fellow Citizens, all we want after this war is a military victory, and when we have defeated the forces of the central empire we will bring our troops home to prevent its recurrence and to give smaller nations of the earth a chance to secure their own independence and the right of self-determination.'"

"What would you have said then?" Mr. Roosevelt said that the United States had a double purpose in going into the war—to prevent its recurrence and to give smaller nations of the earth a chance to secure their own independence and the right of self-determination.

CINCINNATI RAIL STRIKE ENDS

CINCINNATI, Sept. 18.—The Cincinnati Yardmen's association tonight voted to end the strike, which was ordered last April.

DEMO HEAD SAYS HERBERT HOOVER WILL BE MEMBER OF HIS CABINET

[Republican A. P. Leased Wire]
SAN FRANCISCO, Sept. 18.—Governor Cox, in an address here today before a luncheon of business men, referred to Herbert Hoover as the type of trained mind he would like to have in his cabinet if elected.

The Democratic candidate rested this morning made two luncheon speeches, made a brief talk at a reception in his honor, and then left for Oakland to visit some wounded soldiers at a hospital and to make a formal address tonight.

"Mr. Hoover's effective service in the war was largely due to his thorough training as an engineer," he said, "and if I can induce him, one of the best engineers in the country will sit in my cabinet."

The governor also favored in this speech the abolishing of the excess profits tax which he said was justified during the war but no longer necessary, and the substitution for it of one or one-half per cent on the volume of business of a firm.

At a luncheon by the San Francisco Center, a woman's organization, he declared that the country would have a much better idea of basic conditions in Russia if a group of women of the character of Jane Addams or the heads of American educational institutions had been included in the Root mission to Russia.

A rotary fund by which the president could buy up the entire sugar crop over any other way and special crisis when congress was not in session was proposed in both of his talks. He said the government should have inventories of all food supplies to forestall alarm over the possibilities of food shortages.

COX ASSAILS PROFITEERS
OAKLAND, Cal., Sept. 18.—Sugar profiteers were arraigned here tonight by Governor Cox, Democratic candidate for president, in the third speech of his trans-bay program. Speaking from the rostrum where President Wilson made one of the last speeches preceding his breakdown, Governor Cox reviewed attempts by the president to de throne profiteers who have reigned for "five long years—sordid, soulless, ugly and hateful."

"I am in favor in circumstances like this," the governor said, "of the government, through congress, supplying a rotary fund to be placed in the hands of the president for the purchase of as much of the sugar crop as is necessary to prevent profiteers. If I am elected in November I shall recommend to the congress that this be done for future emergencies in food supplies."

"The extent to which profiteering prevailed during the war and especially since the signing of the armistice, has been outrageous. The amount stolen from householders of America in that time by the profiteers would pay off the greater part of the added debt arising from the war itself."

"It must be more than a coincidence that the many profiteers who were protected by the senatorial oligarchy in the present congress are paying their share into the Republican campaign fund, which will not be less than \$100,000."

Governor Cox will leave for Los Angeles tomorrow morning.

Massachusetts G.O.P. Endorses Higher Tariff

BOSTON, Sept. 18.—The Republican state convention today adopted by unanimous vote a platform which accepted "with full approval" the declaration of the national platform on the league of nations, endorsed Harding and Coolidge and favored a protective tariff. A separate resolution commended the record of Senator Lodge, particularly specifying his senatorial activities in the last two years.

Among those who addressed the convention were Governor Coolidge, Senator Lodge, Speaker Frederick H. Gillett of the national house of representatives, Lieutenant Governor Channing H. Cox, nominated by the Republicans for governor at the primaries last week, and Congressman John Jacob Rogers, who served as permanent chairman.

GALVESTON TROOPS LEAVE OCTOBER 5

AUSTIN, Tex., Sept. 18.—All troops will be out of Galveston by October 5, according to a statement issued today by Governor Hobby. He said that no troop movement would be started before Oct. 5, however.

TO REORGANIZE MEX ARMY

NOGALES, Ariz., Sept. 18.—Gen. E. Serrano, assistant secretary of war in Mexico, who is here, has announced that he is drawing a bill to provide for the reorganization of the Mexican army.

EXPERTS DECLARE BOMB WEIGHED AT LEAST 500 POUNDS

[Republican A. P. Leased Wire]
NEW YORK, Sept. 18.—Investigation of the explosion in Wall street Thursday noon which cost 25 lives and did property damage exceeding \$1,000,000, broadly divided itself tonight into two separate channels.

Firm in their belief that the disaster was a time bomb planted by a band of anarchists, who were also implicated in the mail bomb plots in June, 1919, department of justice investigators headed by Attorney General Palmer and William J. Flynn, chief of the department's bureau of investigation, have centered their efforts in seeking the identity of the person or persons who deposited five radical circulars in a mail box near the scene just a few minutes before the explosion.

These circulars, printed on cheap paper and signed "American Anarchist Fighters," threatened "sure death for all of you" unless the "political prisoners" were freed. They bear a striking likeness to Chief Flynn pointed out to those found in the investigations of June, 1919. Meanwhile police investigators were concentrating their attention on trying to establish the identity of the driver of the dilapidated car, which was abandoned near the J. P. Morgan & Co. bank a few minutes before the explosion and which is believed to have contained the infernal machine.

Bomb Weighed 500 Pounds
Experts in the police bomb squad, who have examined and pieced together metal fragments, believed to have been part of the bomb, declared the deadly missile weighed about 500 pounds, 200 of which were the explosive itself.

Department of justice agents late today arrested an Italian stowaway on the outgoing steamship Cedric on suspicion that he may have been implicated in the plot. He was taken to department headquarters, questioned and released, agents stating he had satisfactorily established his innocence.

The only other man being detained in connection with the explosion is Edwin Fischer, lawyer and former employee of the French high commission here, who sent postcard warnings of the disaster to friends in the financial district of New York. He was taken to the police of Hamilton, Ont. yesterday by his brother-in-law, Robert Pope, who said he was acting queerly. Fischer was later adjudged mentally incompetent and is being held in the Hamilton jail.

Local police investigators have been sent to question him, and if he has direct knowledge of the explosion, to bring him back to New York if possible. Fischer claims to have received notice of the impending disaster by "mental telepathy." Chief Flynn expressed the opinion that Fischer is in no way connected with the explosion itself.

Police Report Nothing New
Police department officials admitted tonight that they had uncovered nothing new during the day which would aid in solving the mystery. No one has been found, they said, who knew the owner of the horse and wagon which were blown to pieces by the blast.

One blacksmith, after being shown the shoes and hoofs of the dead horse, told the police he believed he might throw light on the identity of the horse and its owner. At noon he went to look at the badly dismembered carcass, but when he left the police said, "There was nothing new to report."

Head of the various detective bureaus assigned to the case conferred today with Chief Inspector William Lahey, but apparently this conference added nothing to the day's development.

A piece of wood, five by three inches, believed to be part of the "death wagon," was found by a department of justice operative today on the window ledge of the twenty-fourth floor of the Bankers' Trust building at 14 Wall street.

COLORADO PRIMARY CHANGES OVER NIGHT

DENVER, Colo., Sept. 18.—A change in the official count in Boulder county today brought a gain of 12 votes for Karl C. Schuyler and loss of 41 for Samuel J. Nicholson and the former now leads by 44 votes in the contest for Republican nomination for United States senator in Tuesday's primary, according to a compilation by the Rocky Mountain News. Sixty-eight precincts are missing.

Other contests were not changed materially.

MEXICANS SEEK BRITISH LOAN

SANTO, Mexico, Sept. 18.—Denying that he will make an effort to interest British capital in advancing a huge loan to the Mexican government, Miguel Covarrubias, newly appointed Mexican ambassador to London, who passed through San Antonio today, en route to his new post, said he would work primarily towards establishing friendly relations between the two countries.

WRANGLER RESUMES OFFENSIVE

CONSTANTINOPLE, Sept. 18.—Resumption of offensive operations in the district of southern Russia, where the army of General Baron Wrangel is fighting the bolshevik forces is announced in communications issued by General Wrangel's office on September 14 and 15. They report that bolshevik resistance is being overcome, that several towns have been occupied and three entire regiments with important material have been captured.

STAR CELEBRATES ANNIVERSARY

KANSAS CITY, Sept. 18.—The Kansas City Star today celebrated the fortieth anniversary of its founding. The Star was established Sept. 18, 1880, by the late William Rockhill Nelson. A facsimile of the front page of the first edition of the paper was reproduced in today's edition.

SUSPECT ADMITS PRESENCE NEAR BOMBED SECTOR FEW MINUTES AFTER EXPLOSION

(Republican Associated Press Leased Wire)
NEW YORK, Sept. 18.—Alexander J. Brailovsky, Russian journalist, who was taken into custody late this afternoon after the police had received an anonymous letter that he was seen in the financial district a short time after the Wall street explosion Thursday noon, was formally placed under arrest just before midnight on the charge of being an undesirable alien. He will turned over to department of justice agents, the police said, while a check is being made on his movements.

Brailovsky was seized in a small stationery store on East Seventh street in the rear of which is a printing shop, where the "Rusky Golos" (Russian Voice), described by the authorities as a radical Russian magazine, is published.

The writer of the anonymous letter informed the police that he saw Brailovsky and three other men talking at the corner of Pine and Nassau streets, near the scene of the explosion, about 20 minutes after the detonation took place. The writer declared the three men seemed to be in a jubilant mood.

Brailovsky, the police said, admitted being at the place mentioned, but placed his presence there an hour later than the letter charged. He denied all knowledge of the explosion. He explained his presence in the financial district by stating that he wished to dispose of some jewelry boxes there.

Says He Was Near District
Brailovsky further admitted, the police said, that he talked to three men there. He said he knew only one of them, but the man whom he knew was acquainted with the other two.

At first he refused absolutely, the police explained, to divulge the name of his companions.

"My race," he is quoted as saying, "never divulges the name of another person without that person's consent and so I cannot enlighten you."

Brailovsky, who is 36 years of age and small in stature, was well dressed, his voice, manner and expression giving the impression he was a man of education. He told the police, they said, that he was the editor of the "Rusky Golos." He explained that in his conversation with the three men the question of soliciting a loan for the purpose of constructing a Russian people's theater was discussed.

Federal investigators declared they recognized him as the man who presided a few days ago at a concert in Madison Square garden given for the benefit of the Russian children at Fort Wadsworth, pending their departure homeward. Ludwig C. A. K. Martens, unofficial representative here of the soviet republic, was the guest of honor at the concert. The Russian children sailed for home a week ago.

Suspect Identified
Detective James J. Gegan, long head of the bomb squad, identified Brailovsky as the man who had dined quarters at 133 East Fifteen street, where the "Rusky Golos" originally was published. The detective said he went there first in March, 1917, again in June of that year and a third time in November, 1919. On one or two occasions, Gegan added, he seized quantities of radical literature there and each time found Brailovsky presiding over earnest conferences of foreigners.

The police attached importance to the arrest. They said an effort was being made to get into communication with Attorney General Palmer tonight and notify him of Brailovsky's detention.

Only one body found after the explosion remains unidentified tonight. It is of a boy of about 19 years. The opinion was expressed that he was the driver of the "death wagon," which is

Anarchists Tab Every Movement Of Wealthy Men

[Republican A. P. Leased Wire]
CHICAGO, Sept. 18.—Radicals follow the movement of international bankers so closely that they are able to tell at any time the whereabouts of every well known financier, Chris Sloier, head of the police anarchist squad, announced today following a raid in which a copy of "The Anarchists' Soviet," published in New York, was found.

The headlines of the paper, dated June 19, 1920, read:

"Lamont in Paris—Morgan in London—Vanderlip in Tokyo—Kahn in Berlin—Schiff in Amsterdam."

The paper was taken in a raid on I. W. W. headquarters on the West Side a few days prior to the New York bomb explosion.

GERMANY LOOKS TO UNITED STATES FOR 1920 FOOD SUPPLY

BERLIN, Sept. 18.—Two million tons of breadstuffs must be imported by Germany, chiefly from America, as the 1920 crop will be considerably short of the country's requirement, says an announcement by the president of the imperial grain department. He points out that the prospect so far as cereal stocks is concerned is gloomy.

JAP MASSACRE WAS REVENGE

HONOLULU, Sept. 18.—That the massacre of Japanese at Nikolaievsk, Siberia, last March when several hundred persons were put to death by the bolsheviks, was in reprisal for acts of the Japanese military forces there, was declared by Edward H. Barker, a mining engineer of Vancouver, B. C., who arrived here today on his way home from Siberia.
